The Memory collection awakens the imagination and beckons back to a carefree childhood. The wall and ceiling versions in different sizes, the wide range of colour options, and a selection of finishes give this lighting experience a large degree of versatility. The illusion of inflated balloons is flawless right down to the dangling string, which serves to switch the light on and off. This is beauty in its simplest and most persuasive form. The Memory collection consists of ceiling and wall versions in three sizes. There are also sets that allow multiple lights to be combined on a single ceiling canopy. Unlike the other collections, Memory are not supplied with a light source.
